

**Dear Parents.** 

Summer holidays are just around the corner. Holidays are a well-deserved opportunity to relax and rewind by indulging in activities, that are pleasurable and at the same time educative. Sure it's time to take a break and relax. Here are specially designed tasks that promote "Happiness and Positivity" in children.

Wishing you all blessed holidays and good family time.

In today's world recycling has a very important place. Hence utilizing the best from unwanted things has become a generic necessity of every human's life. So students of class U.Kg. will do BEST OUT OF WASTE **ACTIVITY.** You can reused use and recyclable materials like newspapers, shoe boxes, bangles, ice cream sticks, and much more. Make something and bring after summer break in school.

Students have to prepare one 3D chart related to topics from their syllabus. Topics will be given by the class teacher on what's app.
